**GETTING READY TO PLAY.** If needed, meet up with your counterparts in the VIP room a song or two before your ready to go. Discuss the song of needed. You can also use that area to tune your guitar. Bring a tuner if you have one.

**STAGE LEFT ASSISTANCE: Christine, Eleni or Rob** are Stage Coordinators and will guide you up on stage. Be prompt, and when your done make room for the next musician.

**ON STAGE: Dave, Kiyo and or Steve** will be on stage to assist you if you have the need. Use the effect pedals that are provided. There is no time to unplug and plug things in. This will also insure no damage is done to the artists equipment. We want this to be as seamless as possible insure success.

Bass	6x10, 2 smaller cabinets, or possibly all of the above. 900 watts, all effects are internal in the head and footswitchable with my foot controller (tube drive, subwave, bass-synth, an extra eq, & chorus). There is a stereo effects loop if anyone wants anything else. The only pedal is a tuner which has a mute switch.
Guitar	1- CM800 2210 Marshall - It has a clean crunch channel and a dirty channel. Pedal board has a Budda Wah pedal and a boss tuner before the amp. There is a boss EQ in the effects loop for a boost channel.
Guitar	1- Fender Twin Reverb - Fuzz tone, Wah Wah and a Compressor
Guitar	1- 1/2 Stack Peavy XX Head Marshall Cab Midi 10 presets.
Guitar	1- Marshall JCM800 half stack. Tube screamer booster and delay pedal.

<b>Standard Rules</b>	1. Be courteous to others. 3. Be on time.	2. Be respectfull of others equipment. 4. Be aware other musicians are in line to play.
