Sonoma County based Sfarzo Guitar String Company announces The Thrashers, joins the Sfarzo String Endorsement Family of Artists

The Thrashers became best friends at a daycare center when they were 3 years old. These five kids, now at the ripe old age of ten, are tearing up stages from Candlestick Park to the Whiskey a Go Go in Los Angeles. “ The boys love the sound of Sfarzo Strings and we are all excited about this new partnership with Sfarzo,” said Brent Turner Manager of The Thrashers.

As the youngest band to ever perform at the legendary Whiskey, these tykes continue to pick up media steam. The Thrashers perform for a variety of audiences and venues. This remarkable and talented rock quintet's career is moving faster than a speeding bullet.

Hammering out music in the vein of AC/DC and Tool these kids are captivated with music as they develop their own sound. Instead of Cheerios, these kids eat rock and roll for breakfast.

Not mistakenly billed as "America's Youngest Rock Band," all five members of The Thrashers are currently in fifth grade. But make no mistake as these 10 year-old musicians have got enough pounding talent to harness a smoking rhythm showdown with their older rock counterparts. Their debut CD “ Ten at Ten “ (Produced by Sylvia Massy – Tool, Johnny Cash etc) will be released early 2011.

Who's in the band- Nick Thrasher, the band's songwriter on bass and lead vocals. Twin brother Chris Thrasher on the drums. Charles and Geddy Thrasher are on guitar. Brandon Thrasher is on keys. Visit The Thrashers at : <http://thethrashersrock.com/index.html>
